

MEMBER'S PROFILE

HARBINGER CONSULTING

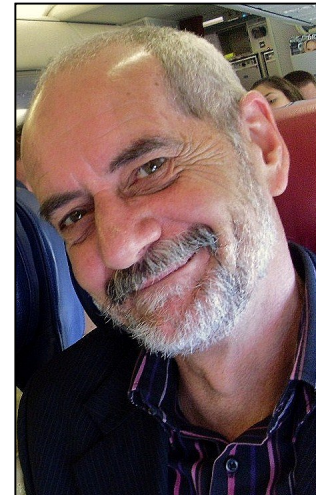

JOHN ARMSTRONG - CONSULTANT

My name is John Armstrong and my consultancy business is called Harbinger Consulting.

We provide services to clients who want quality, effective and realistic cultural planning with respectful and appropriate consultative methodologies.

We have worked across many industries and fields including:

- Urban development, planning and design;
- Government;
- Creative industries and the arts;
- Education and training;
- Media;
- Science and technology;
- Non-profit and community sector;
- Culturally diverse sector; and
- Business and social enterprise.

Harbinger Consulting adopts collaborative and creative approaches to issues of sustainability and viability in S2M business and communities.

Our service provision is focused on research and strategy and respect.

Harbinger achieves results and expands the known potentials of clients by working closely with management, staff and stakeholders to maximise their outcomes in:

- Strategic environment and strategy design;
- Research, analysis and investigation;
- Foresight development;
- Vision and innovation development;
- Planning, knowledge and leadership; and
- Stakeholder and community engagement.

We apply creativity, knowledge and action to shape desired futures of organisations, communities and cities.

Working collaboratively with clients and their staff, we facilitate learning to enhance performance and productivity drawing on the unique strengths of organisations and individuals to develop outlook and vision.

We use a range of processes and methods to engage and unblock the rich streams of intelligence, sense and passion that flow through communities of practice.
